Venice Studio Arts Program

The Boston University Venice Studio Arts Program at the Scuola Internazionale di Grafica offers coursework in the arts in a city whose museums, plazas, and canals form a truly unique classroom. Italian and international students take the same classes, and visiting artists and instructors enrich the creative atmosphere. The program integrates Venice's artistic traditions and resources into the courses. In addition to regular class meetings, students have access to the studios to work independently or with assistants. Excursions to neighboring cities and visits to local museums, galleries, and art sites complement the curriculum.

Upon successful completion of the program, students earn 16 to 20 Boston University credits.

HOST INSTITUTION

The Scuola Internazionale di Grafica brings together an international community of artists, teachers, and students in an exchange of technical and critical ideas in the fine and graphic arts. Each year the Scuola invites international artists to the school to guest lecture and work closely with students. The Scuola provides a fully equipped print workshop, a painting and drawing studio, and two computer rooms.

HOUSING

Students stay in furnished apartments located in the central historical area of Venice. The apartments are a twenty-minute walk from the Scuola and a five-minute walk to Piazza San Marco.
