Madrid Spanish Studies Program

This six-week program takes place at the Instituto Internacional and offers the study of Spanish language, literature, and culture in one of Europe’s liveliest and most exciting capital cities. The student’s level of preparation and background in Spanish will determine placement in different levels from intensive Spanish language courses to liberal arts courses that introduce students to topics such as contemporary Spanish culture, the history of Spanish painting, or twentieth-century Spanish writers. All courses are taught in Spanish. Excursions within Madrid and to cities such as Sevilla, Toledo, or Granada complement the curriculum. Upon successful completion of the program, students earn eight Boston University credits.

HOUSING

All Madrid students are placed in Spanish households, where they have their own room and take meals with their hosts.
