Course Objectives
Students will:
- Become familiar with written and recorded material about British society and culture during the two world wars via a programme of individual study, lectures, field study visits and discussion.
- Develop critical awareness via research, interpretation and analysis of a range of historical data.
- Enhance their communication skills via written assignments and scholarly discussion.

Course Overview
This course aims to acquaint students with ways in which the two world wars influenced British society and changed social identities. It engages with dimensions of gender, race/ethnicity and class, and seeks to enhance understanding of historical specificity via exploration and evaluation of English (mostly urban) war experiences.

No prior specialist knowledge of military history, war technology or international relations is necessary and all course material should be readily comprehended by liberal arts students. Students will be expected to read beyond the required minimum in order to advance well-informed and independent arguments in their work. They will be required to locate and analyse secondary and some primary material, demonstrating comprehension and understanding via coherent, intelligent engagement in class discussion, seminar presentations, a quiz and a written exam. Students will also be required to summarise their research findings in the form of a scholarly essay.
**Course Methodology**

This course will be taught over nine four-hour sessions. Teaching methodology will vary but discussion in class will typically refer to the required reading/viewing, as well as perspectives and propositions advanced during the lecture. For example, the first lecture will summarise key elements that contributed to Britain’s involvement in the First World War and introduce students to critical appreciation of national identity as an aspect of an “imagined community.” Class discussion will test and encourage development of student awareness of contemporary influences contributing to “war enthusiasm”, including ideology, power and divisions of class, gender, and race/ethnicity. Field study visits, directed exploration, seminar work will entail brief presentations by individual students.

**Assessment**

Class participation/Seminar presentation: 15%
Research Paper [2000 words]: 40%
End of course written exam: 35%
Quiz: [23 March] 10%
Final paper to be handed in at the Exam (26 April)

**Grading**

Please refer to the Academic Handbook for detailed grading criteria and policies on plagiarism: [http://www.bu.edu/london/current-semester](http://www.bu.edu/london/current-semester)

*Final Grades are subject to deductions by the Academic Affairs Office due to unauthorised absences.*

**ATTENDANCE POLICIES**

**Classes**

All Boston University London Programme students are expected to attend each and every class session, seminar, and field trip in order to fulfill the required course contact hours and receive course credit. Any student that has been absent from two class sessions (whether authorised or unauthorised) will need to meet with the Directors to discuss their continued participation on the programme.

*Authorised Absence:*

Students who expect to be absent from any class should notify a member of Academic Affairs and complete an Authorized Absence Approval Form 10 working days in advance of the class date (except in the case of absence due to illness for more than one day. In this situation students should submit the Authorised Absence Approval Form with the required doctor’s note as soon as possible). The Authorised Absence Approval Request Form is available from: [http://www.bu.edu/london/current-semester/](http://www.bu.edu/london/current-semester/)

Please note: Submitting an Authorised Absence Approval Form does not guarantee an authorised absence

Students may apply for an authorised absence only under the following circumstances:

- **Illness (first day of sickness):** If a student is too ill to attend class, the student must phone the BU London Student Affairs Office (who will in turn contact the student’s lecturer).
• **Illness (multiple days):** If a student is missing more than one class day due to illness, the student must call into the BU London Student Affairs Office each day the student is ill. Students must also provide the Student Affairs office with a completed Authorised Absence Approval Form and a sick note from a local doctor excusing their absence from class.

• Important placement event that clashes with a class (verified by internship supervisor)

• Special circumstances which have been approved by the Directors (see note below).

The Directors will only in the most extreme cases allow students to leave the programme early or for a significant break.

*Unauthorised Absence:*
Any student to miss a class due to an unauthorised absence will receive a **4% grade penalty** to their final grade for the course whose class was missed.

This grade penalty will be applied by the Academic Affairs office to the final grade at the end of the course. As stated above, any student that has missed two classes will need to meet with the Directors to discuss their participation on the programme as excessive absences may result in a ‘Fail’ in the class and therefore expulsion from the programme.

**Religious Holidays**
Boston University’s Office of the University Registrar states:

‘The University, in scheduling classes on religious holidays and observances, intends that students observing those traditions be given ample opportunity to make up work. Faculty members who wish to observe religious holidays will arrange for another faculty member to meet their classes or for cancelled classes to be rescheduled.’

**Special Accommodations**
Each student will need to contact the Office of Disability Services to request accommodations for the semester they are abroad. Students are advised by BU-ODS not to expect the same accommodations as they receive on campus.

BU London can only uphold special accommodations if we have received the appropriate documentation from the BU-ODS. We cannot accept letters from other universities/centres.

All disabilities need to be known to the ODS in Boston if they are to be used as a reason for requiring a change in conditions, i.e. reduced internship hours or special accommodations for the internship schedule.

**Lateness**
Students arriving more than 15 minutes after the posted class start time will be marked as late. Any student with irregular class attendance (more than two late arrivals to class) will be required to meet with the Associate Director for Academic Affairs and if the lateness continues, may have his/her final grade penalised.
