EMERGENCY PROCEDURES

Safety Precautions:
- Protect your valuables. Don’t leave them unattended in rooms, lounges or other parts of the buildings. Even if you only plan to leave a room for a moment, take your valuables with you.
- Call 511 for public transportation arrival times to minimize wait times or review the transportation display in the lobby.
- While you are in the city, if there is a life threatening emergency situation, dial 911 for emergency assistance.
- If you notice suspicious looking individuals in the building, please report them to the Front Desk (located at the entrance) immediately.
- Safety concerns that do not pose an immediate threat should be addressed to your Resident Assistant

Fire Safety:
Upon move-in familiarize yourself with the location of fire alarm pull stations, fire extinguishers, stairways and emergency exits. Residents should plan for a primary and an alternate means of emergency escape, as well as become familiar with firefighting equipment in or near the residents living area. In case of a fire, Panoramic’s primary concern is the safety of all residents in the building.

In case of a Fire:
- Stay Calm
- Sound the building fire alarm immediately
- Call 911 from a safely located phone. Give as much information as possible to the dispatcher. Do not hang up until told to do so by the dispatcher.
- Before opening the door, feel it with the back of your hand. If it is HOT, do the following: (if it is not hot, go to step 5)
  - Do not open the windows unless you are having trouble breathing.
  - Seal cracks around the door with towels, tape, bed clothing or similar items to keep out the smoke.
  - If you are trapped, hang a sheet, jacket, shirt or other object out the window that will attract attention. Shout for help. Remain calm until firefighters reach you from the hallway or window. Their first duty upon arriving at a fire is to search for persons trapped in the burning building.
- If you are able to leave the room, do so immediately.
  - Take your key with you in case you are forced to retreat to your room. Close all doors behind you as you exit. This will slow the spread of smoke and lessen damage.
  - Go to the nearest exit or stairway. DO NOT USE THE ELEVATOR.
  - If smoke, heat or fire blocks your exit, go to an alternate exit.
  - If all exits from a floor are blocked go back to your room and follow the procedures described above in 4.
- If smoke is present keep low to the floor. Take short breaths to avoid inhaling any more smoke than necessary.
- Leave the building immediately, via doors on both Market Street and Fell Street. When the firefighters arrive, direct them to the fire.
