Returnee experiences/advice

Some differences between US and Irish academic cultures...

- Less professor availability outside of class
- Communication style – may not be updated regularly, more indirect.
- Much higher assumed level of independence.
- Concept of time – “Irish Time”
- Most of your grade will be from your final – 75% - 100%
- More lecture-style courses, less discussion-based seminars.
- May seem like Irish students are not working as hard. Remember, they are used to the Irish system, and you aren’t! You will need to work for your grade.
LEARN THE SKILLS IT TAKES TO BE A CITIZEN OF THE WORLD!

During the course you will:
• Set personal and professional goals for your study abroad experience;
• Learn to effectively articulate the value of your semester abroad to future employers or admissions committees;
• Learn tools for identifying cultural differences, patterns and values.

Quick Facts:
• 1-credit pass/fail – 5 very brief yet meaningful assignments.
• Open to students in all fall or spring semester programs
• Delivered entirely over Facebook

Check your Pre-Departure Page or [www.bu.edu/abroad/gle](http://www.bu.edu/abroad/gle) for the syllabus and instructions on how to enroll!
WHAT STUDENTS ARE SAYING ABOUT IP 101:

“The Global Learning Experience helped me to contextualize my experiences abroad and learn how to process my time in Spain in a way that will be useful for future employment, fellowships and academic endeavors” (Spring ‘16)

“The questions asked helped me identify what I had been learning, and by identifying these things, I have been able to see and reflect on how much I have changed” (Fall ‘16)

“After the point at which every day life abroad had become "normal", this program helped remind me to appreciate the special things around me.” (Spring ‘16)
All students are subject to BU’s Academic Code of Conduct.

Must take the full course load (16 credits) for a grade.

Full internship must be completed – no exceptions.

**EMOTIONAL STATE**

**MONTHS IN NEW COUNTRY**
Top 10 Tips for Coping with Culture Shock

01 Research your host country prior to departure
02 Keep an open mind – Too many expectations might hinder you from experiencing what is around you!
03 Search out new experiences and friends
04 Do not judge the people of a country by one person or one experience
05 Keep a sense of humor – difficult things will be easier to handle when you see the humor in them!
06 Listen and observe rather than merely see or hear
07 Reflect daily to process your experiences
08 Use your host university’s support systems
09 Stay in touch with home – keep in mind that too much contact with home can make you more homesick!
10 Remember you have traveled far to learn about and experience a new culture, and to represent your country and school; most people only DREAM about having this experience.
• **Staying connected with home**
  • Skype/FaceTime
  • Email, messaging, and apps (WhatsApp)
  • Differences locally (i.e. Wi-Fi availability, internet speed, limited hours of use, electricity, etc.)
  • Follow BU Study Abroad on Facebook & Twitter

• **Mobile Phones**

  **You must have a local number for emergencies and ease of use**
  • Local pay-as-you-go plans are the easiest and most economical. You can either get a whole new cheap phone, or just a new simcard
  • Keep your current smartphone on “airplane mode” and use apps on Wi-Fi when it’s available
  • US-based international mobile phone plans are more expensive and often don’t work. Skip them
Plan ahead!

- Meet with your doctors to discuss continuing your care abroad, including your dentist, optometrist, and specialists. GeoBlue can help you find doctors and specialists in your host country.

- **Make a plan to access your medications abroad**
  - If allowable, obtain a supply for full semester
  - Find out whether your medication is available in your host country by [contacting GeoBlue directly](#).
  - Have your current doctor write a letter listing your medications, the dosages, the generic chemical names, and what condition it’s treating. Bring this letter and copies of your prescriptions with you abroad.
  - Check with GeoBlue or the host country consulate for restrictions on what/how much you can bring with you.
  - Do not plan to ship medicine abroad

- Learn about differences in medical facilities and the local health system. GeoBlue can also discuss local medical care standards with you.

- Contact our office with any concerns
Mental Health

• Talk to your therapist/counselor about mental health while abroad and make a plan before you go.

• Even if you may be excited about new opportunities, stress or anxiety may increase abroad.

• Stay Healthy:
  • DCU Counseling Center
  • Keep up routine (when possible)
  • GeoBlue covers mental health care
  • Use the on-site staff as a resource
Approximately two weeks before the program start date, all students will be enrolled in a plan from GeoBlue that provides comprehensive international health insurance coverage, as well as emergency travel assistance to cover medical and security evacuation.

- Valid for the duration of the program; extendable at the student’s expense (once BU Study Abroad has initially enrolled you in your plan)
- Detailed coverage information is provided on the BU Study Abroad Health & Safety page and again by email at the time of enrollment
- In case of need of medical treatment, mental health counseling, or emergency travel assistance while abroad, or to plan for care in advance of your departure, contact GeoBlue directly and identify yourself as a Boston University student.

All students are required to maintain their US-based health insurance coverage while abroad.
