

About Advanced Credit

As a new student at Boston University, you may be eligible for advanced credit based upon:

- college courses completed during high school or during the summer
- Advanced Placement (AP) examinations
- International Baccalaureate examinations
- GCE Advanced-Level examinations
- French Baccalaureate examinations
- German Abitur examinations
- Italian Maturita examinations
- Swiss Maturity examinations

For specific information about credit awarded for IB, GCE, French Baccalaureate, German Abitur, and Italian Maturita examinations, see www.bu.edu/admissions/apply/forms/.

Credit that you receive may be awarded toward:

- general education requirements
- requirements for majors and minors
- elective credit

Advanced credit offers flexibility, which can be helpful if you are planning for:

- dual concentration
- the Boston University Dual Degree Program
- a combined BA/MA or BS/MS program
- early graduation

Students accepted into the Accelerated Medical and Dental programs cannot receive advanced credit.

Advanced Placement Credit

Advanced Placement (AP) credit is college credit that students earn *before they matriculate* at Boston University and that may be applied toward the degree requirements as specified by the individual programs, schools, and colleges of Boston University. To be eligible to receive AP credit, first-time freshmen must submit AP exam scores before the first day of class of their first semester at BU. For transfer students, AP credit awarded by a prior institution will be reevaluated as part of the transfer credit evaluation process. All students must submit official examination scores via the College Board. Please use BU's **College Entrance Examination Board (CEEB) code, 3087**.

Most programs at Boston University award credit for test scores of 4 or 5 on most AP examinations. For Music Theory programs and exams, credit is awarded for a score of 3. AP credit is awarded as outlined on the chart beginning on the next page. Boston University reserves the right to change policy regarding AP credit without advanced notice.

Credit for College Coursework

The curricula of the Schools and Colleges at BU are structured around core courses in the liberal arts. A liberal arts course will generally transfer if:

- the course was completed at a regionally accredited postsecondary institution
- the grade earned is C or better
- the content and depth of the course was similar to a course offered at Boston University

Credit for professional courses will be transferred at the discretion of the School or College of admission.

Transfer credit is not granted for physical education, health, dance, or ROTC courses, or for non-academic activities.

The basic unit of credit at BU is the semester hour. Transferable coursework completed under a semester credit-hour system is awarded with an equal number of credit hours. Coursework completed under a quarter-hour system is converted by awarding two-thirds of the total number of quarter hours.

To request credit for college coursework, College of Arts & Sciences students should submit official transcripts to the attention of the BU Admissions Transfer Credit Evaluator. All other students should submit their official transcripts to the records office at their School or College.

International Baccalaureate Credit

Most programs at Boston University award eight credits for test scores of 5, 6, or 7 on most higher-level International Baccalaureate examinations. For more information, see the IB course equivalence chart at www.bu.edu/admissions/apply/forms/.

Swiss Maturity Examinations

Credit may be awarded for the *Schwerpunktfach* (main) subject and for the First Language subject with a score of 4 or higher on the exam. For more information, please contact intadmis@bu.edu.
