

2019 Lecture Series

Wednesday, January 9th, 2019
NOON – 1PM | 72 East Concord St |
Instructional Building | Room 210

Rethinking Traumatic Brain Injury as a Risk Factor for Alzheimer's Disease Dementia: It's all About Repetitive Head Impacts

Dr. Michael Alosco, PhD

Assistant Professor of Neurology
Boston University (BU) Alzheimer's Disease Center
BU Chronic Traumatic Encephalopathy Center
BU School of Medicine

All Students, staff and faculty are welcome!

Lunch will not be served, but feel free to bring your own!

The BU Alzheimer's Disease Center's Monthly Lecture Series offers exciting presentations from basic and clinical scientists on key topics in Alzheimer's research and related disorders.
