

ADOLESCENT TRAUMATIC STRESS & SUBSTANCE ABUSE TREATMENT CENTER

at the Center for Anxiety and Related Disorders
Boston University

Now offering services to assist
teens (ages 13-17)
who have experienced trauma and
are using alcohol or drugs.

Not sure if this kind of program is for your teen? Take a look at these questions.

- ◆ **Has your teen...**
 - ...ever been badly hurt in an accident, disaster, or other situation?
 - ...seen someone else get badly hurt or die?
 - ...seen anything else happening that was awful and really hard to forget?
- ◆ **Does your teen seem to think or talk often about this awful thing that happened?**
- ◆ **Is your teen currently using drugs or alcohol?**
- ◆ **Do they get in trouble for using drugs or alcohol?**

If you answered **YES** to any of these questions, the **ADOLESCENT TRAUMATIC STRESS & SUBSTANCE ABUSE (A-TSSA) TREATMENT CENTER** has a new program that might be able to help!

If you would like to learn more about how you can get help and hear more about our program, please contact us at **(617) 353-9610**. There is someone available to talk with you Monday to Thursday between 8am-8pm and Fridays from 8am-5:30pm.
