Search BU Bike Accident Toolkit or just scan the QR codes.

Whether you're a cyclist, pedestrian, or motorist, you'll want to add the BU Bike Accident Toolkit app to your phone. Free to members of the BU community, this GPS-enabled app allows you to efficiently capture important information following an accident. The aftermath of a bike accident can be stressful and overwhelming; the BU Bike Accident Toolkit app provides users a simple and intuitive tool to thoroughly document an accident. The app is available in the Apple App and the Google Play stores.
