Director of Undergraduate Studies (signature)

See reverse for research guidelines
1. READINGS IN BIOLOGY DO NOT COUNT FOR CONCENTRATION CREDIT.

2. Although there is no grade point requirement on your application, you must submit the signature of the faculty member with whom you are working.

3. STAMPED APPROVAL IS REQUIRED FOR ALL UNDERGRADUATE READINGS COURSES. See the Undergraduate Program Specialist, Stacy Straaberg Finfrock.

4. The title for your readings should be an accurate representation of the topic you plan to cover.

5. The bibliography is a work in progress and the tentative list should represent the types of literature being surveyed.

6. The title and bibliography should be formulated in conjunction with your faculty sponsor.

7. Please attach your reading proposal.
