YOUR GIFT COULD not have come at a better time, as my father was recently diagnosed with Parkinson’s disease. This has added stress on my family in trying to put my younger brother and me through college. I truly appreciate that you care enough about this institution to assist others in earning a Boston University education.

THE ALLEN & Kelli Questrom Scholarship has helped lessen the financial burden of tuition for me and my parents. Receiving this award during the past three years has motivated me to maintain a high GPA, and I have made the Dean’s List every semester.

HAVING SOMEONE recognize my accomplishments is a terrific acknowledgement; having such a generous award given to me is almost overwhelming. I hope to honor your mother, for whom this scholarship is named, by continuing to work diligently to improve the lives of others.

Sandra P. Garriques Scholarship

I GREW UP ON A small farm in upstate New York. It has been my goal to pursue a career in medicine since I discovered early in college that medicine could challenge and fulfill both my scientific and humanitarian interests. I am so grateful to have your continued support. Thank you for being part of this journey with me.
