## International Student Data Form

This form must be completed by all international students applying for admission. Please answer all of the questions completely and return the form with the requested financial documentation and copies of U.S. immigration documents (if applicable) to the Admissions Office reviewing your academic application. Once you have been admitted to a program of study (and, in some cases, once you have formally accepted the offer of admission), the Admissions Office will send this form, the supporting documents, and a file to the Boston University International Students & Scholars Office (ISSO). Once your file has been reviewed and determined to be complete, the ISSO will forward an official immigration document to you with instructions on how to apply for the student visa at the nearest U.S. Embassy or Consulate. If you are currently in the U.S., the ISSO will forward specific immigration instructions to you to facilitate your enrollment.
