Boston University's Department of Chemistry

Advanced Year Public Presentation

This completed form must be turned in to Sarah Coenen before the end of the fourth year of study and **at least six months before the dissertation defense**.

"By the end of the fourth year and at least six months before the final dissertation defense the student must present a public report on his or her ongoing research and file the public research presentation form with the Academic Administrator. Acceptable forums for this presentation include external conferences or meetings and departmental seminar series, such as the Physical Chemistry Seminars or Metalmania. Students should inform the DAC members of the time of the presentation so that at least two members may attend the presentation."

By presenting the form, I certify that I have fulfilled the requirement of making an advanced-year public presentation witnessed by the undersigned members of my DAC.
