This form is used by undergraduate students who are currently enrolled at the College of Communication (COM) and are changing their COM major.

All curriculum guides for different COM majors can be found on the COM website at <https://www.bu.edu/com/for-current-students/undergraduate-advising/curriculum-guides-minors/>

COM students who want to double major within the College of Communication should schedule a time to meet with a COM Undergraduate Affairs academic advisor to declare. COM students can double major with two of the three COM departments: the Film and Television Department, the Mass Communication, Advertising and Public Relations Department, or the Journalism Department. (Note: Students cannot double major within the same department, example: a student cannot double major with Public Relations and Advertising because of requirement overlap). Please meet with an academic advisor or see the COM Double Major form for more information.

Please be sure to check that you are successfully completing BU Hub requirements. All information about the Hub can be found at www.bu.edu/hub.
