

MET PETITION FORM

Name _____ BU ID# _____

College/Major _____ Email Address _____

Class Year (please circle) Senior Junior Sophomore Freshman Semester _____

MET Course Title _____ MET Course # _____

All Metropolitan College courses require a stamped approval for all non-MET students.

In order for COM students to have MET courses count toward graduation requirements:

- The course must be 300-level or higher.
- The student must not be enrolled in more than one MET course for that semester.
- The student must not be able to find a comparable day (non-MET) section in which to enroll.
- The course must be counted as an elective.

Metropolitan College courses cannot count for Freshmen/Sophomore liberal arts requirements.

If you think a MET course should count toward your CAS Concentration requirement, you must fill out a standard petition form with your advisor and your Department Chairperson.

The form does not register you for any MET course.

You must still register for the course on the StudentLink. Admission to MET courses is on a space available basis as determined by Metropolitan College.

Please explain the reasons you wish to take this course through Metropolitan College.

Student Signature _____ Date _____

**Please return this form to COM Student Services, Room 123. This form is for approval only.
If the form is approved, the student may then register (and receive elective credit) for the approved MET course.**
