**New Book-- *Readings in Psychiatric Rehabilitation and Recovery***

*Readings in Psychiatric Rehabilitation and Recovery* is an updated version of the original [Readings in Psychiatric Rehabilitation](#) book. It was conceived and organized as a supplemental book of readings to further explore the concepts, philosophy, and practices presented by textbooks in psychiatric rehabilitation, including the book by Anthony, Cohen, Farkas, and Gagne, [Psychiatric Rehabilitation](#). It is an excellent resource for students of psychiatric rehabilitation, professionals, consumers, and advocates—or for anyone who is interested in understanding the needs of persons with psychiatric disabilities. It can be used as an academic textbook as an introduction to the field of psychiatric rehabilitation.
