INTERNATIONAL PANEL ON SOCIAL PROGRESS

Inspired by Amartya Sen, the International Panel on Social Progress (www.ipsp.org) is modelled on the Intercontinental Panel on Climate Change. It exists to “harness the competence of hundreds of experts about social issues” and to “deliver a report addressed to all social actors, movements, organizations, politicians and decision-makers, in order to provide them with the best expertise on questions that bear on social change.” The **chapter on religion** has been produced by Coordinating Lead Authors Grace Davie and Nancy Ammerman. This Workshop is an opportunity to engage directly with this effort.

You are encouraged to [read the chapter in advance at](http://www.comment.ipsp.org)
