The mission of the Nursing Archives Associates is to support the History of Nursing Archives in the preservation of the working papers, correspondence, manuscripts, photographs, and histories of important individuals, associations and organizations, both historical and contemporary, who are important in the nursing field, and to make these valuable, unique primary resources available to researchers. The History of the Nursing Archives are a valuable part of the holdings of the Howard Gotlieb Archival Research Center at Boston University. For information about membership, call (617) 353-3696 or visit [bu.edu/archives](http://bu.edu/archives)
