

**BOSTON UNIVERSITY
COLLEGE OF ENGINEERING**

APPLICATION FOR DOUBLE MAJOR

Students applying for a double major must be at least a sophomore and have a cumulative GPA of at least 3.0 to be eligible for this program. Information regarding degree requirements may be obtained from the Office of Undergraduate Records, 44 Cummington Street, room 108.

Please note: a double major may extend your graduation date since you **MUST** complete all degree requirements for both majors and have a minimum of 168 credits before either degree can be awarded. If, after your application is approved, you wish to drop the second major, you must notify the Office of Undergraduate Records.

Please read instructions on reverse side of this Application.

Both Majors must be in DIFFERENT Engineering Departments.
