Dental Researcher: IRB procedure
First time applying to IRB?
Yes
Contact Associate Dean for Research (ADR) office prior to beginning protocol
No
Begin protocol in Inspir II system
Department head or faculty advisor approves science
Researcher informs ADR office about protocol
ADR reviews administrative aspects of protocol within 48 business hours of receiving notification
ADR defers protocol based on missing administrative elements
ADR approves protocol based on completeness and suggests routing
If protocol is a device or drug study:
IRB Office: Final review prior to board review
Clinical Research and Resource Office (CRRO) - second review
