To the members of the Class of 2020 and the whole GSDM community,

I am sure you have read by now President Brown’s announcement regarding the postponement of the 2020 Commencement, and for the Class of 2020, I can only imagine the disappointment you must be feeling, as I know this is a moment that you have looked forward to for many years.

First, to the Class of 2020, I do want to note that nothing can take away or minimize the enormous accomplishment that you all have achieved by successfully completing your DMD or Certificate of Advanced Graduate Study. You all should be incredibly proud of yourselves – and I know I am certainly proud of each and every one of you.

Second, I want to share that we are already hard at work on plans for a virtual celebration of commencement that will occur in mid-May and will be an opportunity for us all to gather together (on the internet) and celebrate your accomplishments.

While it’s too early in the planning efforts to share specific details, please know that this is a priority for me and the whole school. We will share more information as soon as possible.

If you have any questions, please don’t hesitate to reach out.
Sincerely,

Dean Hutter
