

Personal Protective Equipment

To ensure the health and safety of every member of our community, we have developed specific protocols for personal protective equipment (PPE) for different settings. This approach allows us to customize our PPE requirements based on the different risks and environmental factors of the specific setting.

Simulation Learning Center

Individuals must be spaced at least **6 feet apart** and are required to wear:

- Surgical face mask
- Full face shield
- Disposable gown
- Disposable gloves

Patient Treatment Centers

All providers - students, residents, faculty, assistants, hygienists - are required to wear:

- N95 mask
- Full face shield
- Eye protection or loupes, with side shields
- Gown
- Disposable gloves
- Bonnet
- Booties

All patients will be asked to wear a surgical mask or face covering at all times they are inside the GSDM facility except when treatment is being provided.

Dental Laboratories

Individuals who work in the 2nd floor Prosthodontics laboratory or the 930 Commonwealth Avenue laboratory are required to wear:

- N95 mask
- Full face shield
- Eye protection
- Disposable gown
- Disposable gloves
- Bonnet
- Booties

Individuals who work in any other dental laboratory at the School are required to wear:

- Surgical mask
- Full face shield
- Eye protection
- Disposable gown
- Disposable gloves

Administrative Offices & BU Medical Campus

Individuals are required to wear a face covering at all times except if they are alone in an office with the door closed.
