

## **Boston University** Disability & Access Services

## **Temporary Disability Verification Form**

The Disability & Access Services provides academic accommodations and services to students with **Temporary Disabilities**. Students seeking accommodations must provide appropriate documentation of their disability so that Disability & Access Services can determine the student's eligibility for accommodations; and if the student is eligible, determine appropriate academic accommodations. A **temporary disability** is one that will resolve within three to six months. For impairments requiring accommodations for six months or longer, please refer to our <u>traditional accommodation process</u>. To verify the disability and its severity, Disability & Access Services requires the form below to be completed by the current treating licensed healthcare provider.
