Dean's Recommendation Forms/Disciplinary Records Request Forms

Please find below a few points to consider when submitting a disciplinary record request.

- Non-academic disciplinary records checks are conducted by Judicial Affairs, (25 Buick Street, Suite 150, Phone 617-358-0700, Fax 617-358-0707), on a first come, first served basis and typically require one to two weeks for processing due to the volume of requests. During high volume periods, requests can take up to four weeks to process.
- All non-academic disciplinary records (with the exception of incidents resulting in University Suspension or Expulsion) will be maintained for a period of seven from graduation or date of last attendance. Incidents resulting in University Suspension or Expulsion will remain on one's record indefinitely.
- Reportable disciplinary sanctions include, but are not limited to any form of disciplinary probation, residence separation, University suspension or expulsion.
- Non-reportable sanctions include no action letters, letters of notice and letters of warning and reprimand. Such sanctions (or disciplinary proceedings leading to such sanctions) are not disclosed by this office in response to third party inquiries. We acknowledge that some applications require the applicant to disclose whether he or she has ever been *involved in* disciplinary proceedings. It is the responsibility of the applicant to submit an honest and forthcoming statement regarding any disciplinary charges resulting in a non-reportable sanction.
- Judicial Affairs does not have access to *academic conduct records* for students. Because most transfer applications ask for both non-academic and academic conduct histories, Judicial Affairs will, unless otherwise instructed, forward completed background checks and accompanying transfer applications to a student's BU school/college records office for academic conduct verification. Your academic school/college will send out the completed recommendation forms per mailing instructions. For verification of a student's standing within the university, please contact the Office of the University Registrar at (617) 353-3623 (verifications of enrollment and graduation).
- **JA will not entertain requests for expedited records processing.**
- Most records summary requests are accompanied by personal requests for expedited processing due to graduate school/transfer application deadlines. We appreciate the timing with which you have to work, but you will be required to follow the same procedure as all other Boston University students in accessing disciplinary record information.

- You are advised to complete and submit the necessary forms soon after receipt of your application package. Application deadlines are usually clearly marked and it is in your best interest to get a head start on those portions of the applications which require administrative processing. **Please plan accordingly.**
- You may request that you be notified when your records have been examined so that you may pick up documentation pertaining to your disciplinary inquiry.
- JA will fax completed records requests to aid students in meeting submission deadlines. We will not release findings over the telephone or via email.
- In accordance with the Family Educational Rights And Privacy Act (FERPA): “The educational agency or institution, or SEA or its component, shall comply with a request for access to records within a reasonable period of time, but not more than 45 days after it has received the request.”
