

ECONOMICS ORIENTATION / REGISTRATION SCHEDULE

Our recovery planning is focused on the fall semester, and the resumption of our on-campus, in-person programs in late August. We are planning accordingly and will incorporate the best public health practices into those plans so that members of the BU community will feel comfortable and safe on campus upon their return for fall semester. If for some reason public health authorities do not allow universities to re-open their residential campuses at that time, our planning will explore other alternatives, including the possibility of restarting later in the year.
