

## **Boston University**

# **Chair of Electrical and Computer Engineering**

The College of Engineering is seeking a dynamic, innovative leader for the position of Chair of the Electrical and Computer Engineering Department. The Chair is responsible for overall departmental administration and reports to the Dean of Engineering. The individual will provide departmental direction and leadership in formulating academic and research initiatives that complement the strategic plans of the College and University. The Chair will also facilitate and promote the development of interdisciplinary and cross-cutting research partnerships, actively pursue advances in the quality of the undergraduate and graduate education, and assist in advancing the College's development and alumni relations work. The individual should be an active researcher with a strong history of external funding in addition to being recognized for distinguished contributions to electrical, computer or a related engineering field and possessing an exemplary international reputation. The College has risen rapidly in quality and distinction over the past decade through the appointment of more than 30 leading scholars and the award of prestigious foundation and government grants. The Chair would be expected to continue and capitalize upon this exciting momentum and identify areas of further development and growth.

One of four departments within the College, the Electrical and Computer Engineering Department consists of 45 faculty members, 200 graduate students and 275 undergraduates. Department faculty play key roles in many of the College and University research centers, specifically the Photonics Center, the NSF ERC for Subsurface Sensing and Imaging Systems, the Center for Information and Systems Engineering, the Center for Computational Science, the Center for Space Physics, and the Center for Nanoscience and Nanobiotechnology. For additional information about the department, please visit [www.bu.edu/ece](http://www.bu.edu/ece).

Persons interested in being considered for this position should submit a brief letter of interest, a vision statement for the field of Electrical and Computer Engineering, and current curriculum vitae by February 15, 2007. Please send applications and nominations to: **Electrical and Computer Engineering Chair Search Committee, College of Engineering, 44 Cummington Street, Boston, MA 02215** or by email (pdf or text documents) to [ecechairsearch@bu.edu](mailto:ecechairsearch@bu.edu).

*Boston University is an affirmative action, equal opportunity employer. Women and minority candidates are encouraged to apply.*
