EK 100 - Freshman Advising Seminar Mid-Semester Academic Assessment

The purpose of this form is to provide you with an opportunity to evaluate your academic performance to date. Although no formal "progress reports" are issued in college, sometimes it is helpful to determine where you stand.

Taking into account all graded work so far, try to estimate what grade you would receive for each course if classes were to end now! You may have to make rough estimates for some classes. We encourage you to seek out the instructor, TF, or TA if you are unsure as to how well you are doing in any course.

You will need to set up a 10-15 minute meeting with your faculty advisor to go over your **completed** assessment form during the week of October 5th – 9th. There is no class on Oct. 9th.
