

Engineering Scholars Program

The Engineering Scholars Program recognizes the outstanding academic achievements and promise of a select group of admitted College of Engineering students. Engineering Scholars receive the following special package of benefits and opportunities:

- A Boston University half-tuition scholarship, renewable for up to eight semesters of undergraduate study, provided a grade point average of at least 3.20 is maintained annually and that at least 12 credits are completed each semester of the prior academic year.
- Guaranteed admission to a Boston University College of Engineering Master of Science program, provided a 3.40 grade point average is maintained during the Bachelor of Science program. Engineering Scholars are not required to take the Graduate Record Exam (GRE).
- One semester of funding in the first two years for up to 10 hours per week to participate in a research program with a faculty member in College of Engineering.
