**EXPERIENTIAL COMPONENT APPROVAL REQUIREMENTS**

**CONCENTRATION IN ENERGY TECHNOLOGIES**

The concentration in Energy Technologies requires completion of an experiential component in the environmental and/or energy sectors. A laboratory research experience, industrial internship or co-op, senior design project, or directed study may satisfy this requirement.

**Please note all group projects require an individual written proposal and summary**

**PROPOSAL** – Due no later than the Last Day of Fall Semester Classes, Senior Year

In order to obtain approval for the experiential component, the student must:

| Complete the **Experiential Component Approval Form** prior to beginning the experience | Attach a **written proposal** outlining how this experience applies to energy technologies. Details may include rationale, goals, method of study, basic of evaluation, etc. Directed Study students must attach their approved Directed Study Form. | Submit **form & proposal** to the **Concentration Coordinator for Energy Technologies:**
**Pr. Uday Pal**
730 Commonwealth Ave, Room 206
(617) 252-7708
upal@bu.edu
**Concentration Coordinator** will submit approved experiential component materials to the **Undergraduate Records Office** for processing. |

**SUMMARY** – Due no later than the Last Day of Spring Semester Classes, Senior Year

Upon completion of the approved experiential component, the student must:

| Prepare a summary of the work accomplished. Include how points mentioned in the proposal were actualized. | Obtain supervisor's approval via a signature on the written summary. | Submit approval form and summary to the **Concentration Coordinator for Energy Technologies:**
**Pr. Uday Pal**
730 Commonwealth Ave, Room 206
(617) 252-7708
upal@bu.edu
The **Concentration Coordinator** will submit approved experiential component materials to the **Undergraduate Records Office** for processing. |
