MS (With Thesis) students must take 32 credits all of which must be at the 500 level or higher. The coursework requirements for the MS (With Thesis) are as follows: **Core** (3 courses), **Concentration** (2 courses), **Elective** (4-8 credits), and **Thesis** (4-8 credits). The Practicum Requirement is satisfied by 4 credits of SE 900 or SE 901. Courses used to satisfy the Core requirement may not also be used to satisfy the Concentration or Elective requirement. Elective courses may be chosen, with advisor approval, to meet an individual student’s academic needs. MS students must also satisfy the advanced technical course requirement by taking at least two 700-level or higher courses from the Concentration areas, or courses approved by the Systems Engineering Graduate Committee in advance. The MS Practicum Requirement is fulfilled by the Thesis. MS students must maintain a cumulative GPA of 3.00 to remain in good academic standing and to graduate. All graduate courses are counted in the GPA. Grades of “C-” or lower are not acceptable for the MS degree.
