The Department of Electrical and Computer Engineering invites applications for an ECE Distinguished Educator-Scholar Postdoctoral Fellowship position beginning July 1, 2020. Qualifications required of all applicants include a Ph.D. in Computer Engineering, Computer Science or a related discipline, demonstrated teaching or teaching assistant experience in relevant course(s), and a proven publication record and ability to work independently.

Educator-Scholars are afforded the opportunity to combine a traditional research experience with teaching development skills. As such, they are expected to conduct research with at least one faculty member in the department, and also to teach one course per semester in a software-related course from our curriculum, for example:

- Introduction to Software Engineering
- Software Design
- Advanced Data Structures.

The position runs for 1-2 academic years, subject to performance.

Applicants should provide a letter of support from a faculty member (with a primary appointment in the ECE department) with whom they may collaborate, a current CV, and relevant courses that they prefer to teach to the appropriate link below. For full consideration, applicants should upload their materials before May 31, 2020. [https://academicjobsonline.org/ajo/jobs/14791](https://academicjobsonline.org/ajo/jobs/14791)

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law. We are a VEVRAA Federal Contractor.
