

## BU ECE MS Thesis Semester Review

This review form aims to facilitate students working on their MS thesis and their faculty advisors to review the students' research progress and discuss the plan for the next semester.

Students are expected to fill out the **Student self-assessment** first and arrange a meeting with the advisor to review. Please submit the PDF copy of the completed and signed form through [this link](#) by the Friday before the final week.

Students are also required to present their semester work of the MS thesis during the MS project (or EC601 poster) presentation session at the end of the semester.
