

## How to use biginterview

Big Interview is an online platform that will help you prepare effectively for interviews. Through this system you can learn techniques and strategies, practice answers to tough questions, and build your confidence.

### Step 1: BEGIN

- Log in the BU portal- [bu.biginterview.com](http://bu.biginterview.com)
- Browse the various lessons, playbooks and curricula in the "Learn" Section

### Step 2: PRACTICE

- Go to the "Practice" section and select "practice interviews"
- Select the type of interview you are preparing for:
  - For graduate school, select "Admissions"
  - For Jobs or Internships, select "Industry"
  - For competency based questions, select "Competency/Skillset"

### Step 3: RECORD

- Listen to the question being asked by the interviewer
- Prepare your answer using the "Tips" button in the bottom-right corner
- Select "Start Recording" when you are ready to answer the question
- Select "Stop Recording" when you've completed your answer
  - Re-record or delete the answer if you're not happy with it
- Save your answer by hitting the "Save this answer" button

### Step 4: REVIEW

- Review your answers by going to the "Actions" button
- Share your recorded videos with CDO advisors, professors, or friends for feedback

### TIPS

- In a hurry? Navigate to "Practice" > "Question Library" to view common questions
- Not ready to record? Navigate to "Practice" > "Answer Builder" to start brainstorming your answers
