GENERAL EDUCATION REQUIREMENTS

All students must fulfill the College of Engineering general education requirements in the following manner:

Writing Requirement: All Engineering students are required to satisfy the writing requirement by successfully completing CAS WR 100 and CAS WR 150. All entering freshmen are required to take the Boston University Writing Assessment (BUWA). Depending on the placement results of the BUWA, students may need to take more than two course(s) to fulfill the writing requirement (e.g., CAS WR 099 and CAS WR 100 and CAS WR150).

2-course Depth String in either the Humanities or Social Sciences: Students must take two 4-credit courses within the same department in either the Humanities or Social Sciences from the list of acceptable courses. A course that has one of the listed courses as a prerequisite is also acceptable.

1-course Distribution Requirement: Students must take one course in an area complementary to that in which they have established depth, i.e., if depth is established in the Humanities, the distribution course must be taken in the Social Sciences; if depth is established in the Social Sciences, the distribution course must be in the Humanities.

1 General Education Elective: Students who complete the College of Engineering writing, depth and distribution requirements in 5 courses must take an additional 4-credit course (or 2 two-credit) courses to satisfy the general education requirement. The elective course work can be chosen from any English, writing, social science, humanities or modern foreign language courses (including languages) taken in CAS. Students can also choose theory, performance and studio art courses in CFA.

A total of at least 6 courses with at least 24 credits are required.
