

BOSTON UNIVERSITY COLLEGE OF ENGINEERING
2012 STARS Program Application

STARS (Summer Term Alumni Research Scholars) is a summer program in which the College of Engineering provides summer housing in an on-campus apartment style residence hall (for 10 or 12 weeks) or reimbursement for reasonable off-campus summer housing costs (\$2750 max – documentation required). To be eligible for STARS, students must be engaged in full-time research during the summer with a College of Engineering faculty mentor and earning a stipend of at least \$350/wk. Students must identify a faculty mentor and set up the research position directly with the faculty member. Housing support will be for no more than the 12-week period of summer session, and will coincide with the period of time that the student is engaged in full-time research and earning a stipend. Students may NOT enroll in summer classes. **Students should complete and sign this form, get the required faculty signature and submit the signed form to the department of the faculty sponsor no later than March 19th.** Applicants will be notified of their status in early - April.
