

Boston University Educational Resource Center

Biology Help at Boston University

Listed below are a variety of resources available to you as a student at BU. Answer the following questions to discover which resources might be the best fit for you.

If you would like to discuss ways to improve your study skills, time management skills, or would just like to talk one-on-one with someone, please make an appointment with one of the professional staff at the ERC.

1. Have you visited your Professor/TA/TF?

- Professors, TA's and TF's are your best resource for your course
- See your syllabus for Professor and TF/TA office hours and contact information
- If you cannot make it to their office hours because of a schedule conflict, try contacting them directly to arrange a different time to meet

2. Have you heard of Student to Student?

- Students who have successfully completed BI108 hold review sessions prior to exams, hold open office hours, and post their notes online
- Additional information can be found by visiting your course website, contacting Student to Student at s2s@bu.edu, or by contacting Kathryn Spilios at 617-358-1958 or kspilios@bu.edu
- If you have any issues accessing the course website, please contact Tim Devlin

3. Are you interested in working with classmates?

- Get together with other students in your class to arrange a study group
- Study groups are a great way for students to pool their knowledge, review class topics and points of confusion collectively

4. Contact Academic Support in the Biology Department
