

BOSTON UNIVERSITY STUDENTS: WHAT HAPPENS IF YOU ARE A CLOSE CONTACT OF A COVID-19 POSITIVE PERSON?

Someone who tested positive identifies you as a close contact

BU contact tracer notifies you and confirms that you're a **close contact**

Your Patient Connect badge will turn orange, indicating that **you're not cleared to move around campus.**
Healthway will message you daily to check in.

Do you live on campus?

NO

You're instructed to **quarantine at your residence for 14 days**

Healthway will **schedule a test** for you at the Health Services Annex.

Healthway **notifies you of your test result** and gives you further guidance, as appropriate.

YES

Contact tracer arranges your move to quarantine housing on campus

You're tested every 3-4 days via a telehealth visit while in quarantine in campus housing

Do you test positive?

NO

You must stay in quarantine housing **for 14 days**, after which you may return to your assigned residence

YES

You're moved to **isolation housing on campus**

NOTES

Definition of a Close Contact:
Someone who was within 6 feet of a COVID-19 positive individual for 15 minutes or longer.

Definition of Close-Contact Quarantine:
You may not leave your residence except for urgent medical care. If you are in on-campus quarantine housing, food and supplies will be delivered to you.
