Dance Program Mission:

Our dance program provides students with technical, historical and compositional courses in multiple genres of dance designed to prepare and enhance their skills in communication, critical thinking and self-expression. Our curriculum choices offer multiple ways of investigating dance as a physical, aesthetic, intellectual and cultural practice. As part of *One BU /Recommendations for Accessing the Arts at BU*, we encourage our students to use their imaginative spirit to find opportunities to create innovative cross-discipline research and practice.

Course Description:

This course is designed for the student who has had an extensive ballet background. Students will continue to refine their alignment and placement and to increase their strength, endurance, flexibility, control, coordination, breath, and musicality at the barre and in the center. Students who are advanced may, with permission, take the class en pointe. As the semester progresses barre will include relevés, varying tempos, and weight transferences that will challenge and heighten the students' technical growth. Center work will include adagios, tendus, allegros with beats, large sissone combinations, grand allegro and pirouettes in varying forms, and fouettés. Musicality and port de bras will be emphasized for both the barre and center work along with the use of turn-out to sustain movement. Movement patterns will focus on increasing movement range spatially and dynamically and on breadth of expression. Students are encouraged to learn from individual and collective corrections and to continue to increase their growth in ballet both technically and artistically. Historical references to ballet technique will be offered throughout the semester. Class will end with a reverence and students are asked not to leave class without forewarning the instructor. Each class will have live accompaniment by Alla Troyanovsky.

Required Attire:

- Form fitted clothing required (dance, aerobic or bike wear); supportive undergarments (i.e. sports bras, athletic supporters) recommended to ensure comfort and ease - individuals can determine best options for their body and can consult instructors with any questions.
- Please, no gum or dangerous jewelry.
- Hair secured away from face.

Learning Outcomes:

- Students will gain increased proficiency in their ability to execute advanced ballet technique.
- Students will become more confident to move in a totally unified way and to be self-correcting.
- Students will heighten their awareness of the intricacies of the classical form of ballet
- Students will increase their strength and endurance through longer and more intricate phrases of movement in the center and at the barre.
- Students will gain more confidence to move quickly with weight and directional changes.

Lockers: Currently unavailable due to FitRec's COVID-19 restrictions.
