PETITION TO PARTICIPATE IN BOSTON UNIVERSITY OFF-CAMPUS PROGRAMS IN THE SENIOR YEAR

Kilachand students are permitted to study abroad during one semester in the junior year. However, there are certain off-campus programs that may serve students in their senior year better than at other times, such as the Los Angeles Internship Program for Film & Television students. Only students with compelling reasons to complete academic or professional programs will be approved to participate in off-campus programs the spring of the senior year. If you are a Kilachand Honors College student interested in participating in an off-campus program during the spring of your senior year, please complete the information below. Additionally, please include the following when returning your petition form:

1. An essay outlining the following information:
   - The Study Abroad program you intend to pursue
   - How this program is related to your academic program(s) or major(s)
   - How this program will provide you with intellectual or professional growth.
   - A compelling reason as to why it would be advantageous for you to complete this Study Abroad program in the senior year as opposed to the junior year.
   - Students whose programs will not allow for their return to attend the Keystone Symposium should explain in their essay why their return would not be feasible.

2. Students who will be returning for the Keystone Symposium must submit a budget, or a revision of their initial budget, that includes a cost estimate for round-trip travel to Boston.

The Kilachand Curriculum in the Senior Year is as follows:

**Fall:**
- KHC HC 501: Innovation, Culture, and Society (2 cr.)
- KHC HC 503: Keystone (2 cr.)

**Spring:**
- KHC HC 502: Innovation, Culture, and Society (2 cr.)
- KHC HC 504: Keystone (2 cr.)

Kilachand students must successfully complete KHC HC 501 and KHC HC 503 on campus in the fall of their senior year. Students approved for study off-campus must successfully complete KHC HC 502 and KHC 504 in coordination with their KHC HC 502 instructor and their faculty advisor. This means that students studying off-campus must make arrangements with their KHC HC 502 instructor to ensure that all assigned work is completed, and must keep their faculty advisor abreast of the progress that is being made on their projects. Under ordinary circumstances, students will be required to return for the Keystone Symposium. For students who will be unable to return, arrangements should be made to present their Keystone Project at the close of the first semester of the senior year.

Name: ___________________________________________ BuID: _______________________

Major: ___________________________________________ School: _______________________

Proposed Program: ____________________________________________

*By signing this form, I agree to complete the Kilachand coursework as outlined above.*

Name: ___________________________________________ Date: _______________________

Please return this completed petition to Kilachand Honors College, 91 Bay State Road, Suite 115 by October 1 of the senior year. You will receive email notification to your Boston University directory email address of approval or denial of your petition. The result of this petition will be sent directly to the appropriate Kilachand senior course instructor and Keystone advisor.
