

Syntax:

**CAS LX 321 /
GRS LX 621**

**Fall 2017
TR 12:30-1:45**

Prof. Paul Hagstrom

*Prerequisite: CAS LX 250
(Introduction to Linguistics)
or consent of instructor*

Introduction to sentential structure

Introduction to syntax as an object of inquiry. Students build an increasingly sophisticated model of syntactic knowledge to account for data from English and other languages, constructing and evaluating alternative hypotheses about how sentence structure works

- **Get a hands-on introduction to syntax!**
- **Develop analyses together as a class!**
- **Compare English and other languages!**
- **Use software to model, test, and refine hypotheses!**
- **Be the envy of all your friends!**
