10. Exceptions

The HIPAA Privacy Officer and HIPAA Security Officer will jointly review any requested exceptions to the requirements set forth in this Policy. Exceptions will be granted if a thorough review of the situation demonstrates appropriate compensating controls have been implemented, and the risk posed by the exception is reasonable and acceptable.

If the requested exception also involves a deviation from standards and policies of the BU IS&T department, the Covered Component must contact IS&T for a separate waiver or
exception of those policies.
