Library Membership is specially designed for institutions that would like to fuel the creative process by taking advantage of the PRC's wide range of unique offerings. Since 1975, the Photographic Resource Center has served as a vital forum for the exploration and interpretation of new work, ideas, and methods in photography and related media. The PRC has given members the opportunity to enjoy the world's most celebrated artists, scholars, critics, and curators through lectures, exhibitions, workshops, and publications.

The PRC has redesigned its popular newsletter, In the Loupe, into a full fledged magazine titled Loupe, focusing on what we all love most, the photographic image.

Loupe will be a forum for new discoveries and new images. Befitting its name, the journal will provide closer views of photographic art-making. Interviews with established and emerging image-makers will expose first-person insights about the complex realm of 21st century photography. Commentary accompanying the portfolios will illuminate salient aspects of the artist's process while allowing and encouraging viewers to engage each project on individual terms as well. Images, and the pleasures of reading them, will prevail over text.

Loupe will be published three times a year in October, February, and June.

Library Membership Benefits:
• 2 copies of the newly redesigned PRC magazine, Loupe
• Invitations and postcards to all of our receptions and events
• Discounts on publications

Library memberships are $55 for one year and $95 for two years.
