

Annual Report on Program Student Learning Outcomes Assessment

Program: MA in Astronomy

Program Contact and Title: Tereasa Brainerd (Chair)

College/School Contact and Title: Jeffrey Hughes (Associate Dean, GRS)

Learning Objectives

Students graduating with an MA in Astronomy are expected to:

1. Demonstrate advanced level knowledge of astronomy
2. Ability to communicate astronomical information both in written and oral form to a graduate and faculty level audience.
3. Demonstrate critical thinking about astronomical topics as well as other technical and general scientific topics.
4. Understand ethical issues in scientific and academic disciplines.
