

Annual Report on Program Student Learning Outcomes Assessment

Program: MA in Chemistry

Program Contact and Title: Lawrence Ziegler (Chair)

College/School Contact and Title: Jeffrey Hughes (Associate Dean, GRS)

Learning Objectives

Students graduating with an MA in Chemistry are expected to:

1. Carry out an original work of research at the cutting edge of their discipline.
2. Demonstrate mastery of the subject material relevant to their graduate field of study and advance scholarship.
3. Be able to identify areas where ethical issues may arise in their work of discipline, and articulate strategies for dealing with them.
4. Be able to teach and promote their discipline at the undergraduate level.
