

Annual Report on Program Student Learning Outcomes Assessment

Program: MA in Global Development Economics

Program Contact and Title: Bart Lipman (Chair)

College/School Contact and Title: Jeffrey Hughes (Associate Dean, GRS)

Learning Objectives

Students graduating with an MA in Global Development Economics are expected to:

1. Demonstrate a thorough understanding of fundamental economic principles and be able to apply these ideas to analyze public policies, business practices, and real-world events.
2. Have the ability to apply mathematical methods, through modeling and large-scale data analysis.
3. Become conversant in current issues, knowledge, and policy debates on global development in the arenas of economics, international relations, the environment, and public health.
4. Acquire the practical experience needed for professional careers in global development.
5. Be able to conduct scholarly and/or non-academic work in a professional and ethical manner.
