

Annual Report on Program Learning Outcomes Assessment

Program: BA in Archaeology

Program Contact and Title: Curtis Runnels, Chair, runnels@bu.edu

College/School Contact and Title: Ricardo J. Elia, Director of Undergraduate Studies, elia@bu.edu

Date: November, 2015

1. List the learning outcomes for the program:

- Demonstrate knowledge of contemporary archaeological theory
- Demonstrate knowledge of the archaeological record of multiple world regions
- Apply methods of archaeological analysis to material remains common to archaeological datasets
- Conduct a minimum of 6 weeks of archaeological field research
- Incorporate core knowledge of archaeological methods, theory, cases, and ethical issues to evaluating, in written and oral form, contemporary debates concerning the study and understanding of the human past
