College/School Contact and Title: Douglas Kriner, Director of Undergraduate Studies, dkriner@bu.edu

Date: 11/15/2015

1. List the learning outcomes for the program:

- Demonstrate substantive understanding of governmental and political processes in a global context, including mastery of key concepts.
- Conduct political analysis using a range of qualitative and quantitative tools.
- Reason analytically to evaluate causal claims in political science.
- Demonstrate a capacity, in both oral and written communication, to present arguments cogently and ground them in empirical evidence.
