HEALTH SECTOR MBA

DIFFERENTIATE YOURSELF

The Health Sector MBA (HSM) program, established in 1972, prepares talented students for leadership roles throughout the health industry. Offering an innovative experiential curriculum, intensive skills education, and global learning experiences, the HSM program draws on the world-class Boston health sector scene, and provides a dynamic and specialized business foundation for students seeking distinguished careers in the health sector.

CUSTOMIZE YOUR EDUCATION TO YOUR CAREER NEEDS

Students enrolled in the HSM program earn an MBA with a concentration in health sector management. The program combines a rigorous core business curriculum with elective courses in health sector management and the opportunity for an additional concentration. Students take an extensive range of courses from health service delivery to drugs, devices, and diagnostics, and health sector information technology. Whatever your career plan, we’ve created a flexible, practical, real-world learning experience, leveraging Boston’s position as the nation’s premier center of health and life science organizations.

REAL WORLD EXPERIENCE

Real-world experiences give depth to your education and credibility in the job market. Full-time students perform a 300-hour internship at a leading health sector organization and all students may take an intensive consulting practicum. Students are also able to engage with health sector leaders as well as program alumni spread across the sector and the country through our extensive Health Sector Mentoring Program.

You can also participate in several student organizations, including the Health Services Management Association, BU BioBuUsiness Organization, Engineering and Management Commercialization Collaborative, and the Global Health Sector Interdisciplinary Case Competition.

TAILOR YOUR DEGREE

We offer a number of program variations, so no matter what your career plan, you’ll find management courses that match your goals.

Programs include:
• Two-Year Health Sector MBA or MS•MBA
• Professional Evening MBA in Health Sector Management
• MBA/MPH in Health Care Management
• MBA/MPH in Global Health Management
• MD/MBA
• JD/MBA in Law and Health Sector Management

CASEY KOTARBA

MBA/MPH
GLOBAL HEALTH MANAGEMENT
ROCKFORD, ILLINOIS

BU was the only program that fit Casey’s passion for global health and management. Casey spent two weeks traveling in India as part of an international field seminar, where she gained first-hand experience around health services and pharmaceutical outreach. Her two internships were in West Africa, where she worked with rural communities hands-on.

CAREER OPPORTUNITIES

You’ll gain access to the top employers and executives in your field. Whether you’re seeking a summer internship or a full-time position after graduation, you’ll enjoy the support of our Feld Career Center, strong faculty, student clubs and organizations, and our 48,000+ School of Management and nearly 300,000 University alumni worldwide.
