Onboarding Pack for Department Admins

Most everything you need to know about:

Post Award Financial Operations
Contents

- An overview of Sponsored Research
- An overview of Post Award Financial Operations
- DA responsibilities relating to Sponsored Research
- Training & Resources
- Who to Contact

How to use this pack

Whether you are new to Boston University, or just need a refresher on award finance, this pack can be used as a “one-stop shop” for your PAFO related needs and questions.

It includes information about the departments’ responsibilities and helpful resources and contacts.
Sponsored Research at BU

A major research institution

FY 2018

PAFO at a glance

BOSTON UNIVERSITY
POST AWARD FINANCIAL OPERATIONS

BOSTON UNIVERSITY is a major research institute and a member of the Association of American Universities, an invitation only group of 62 of North America’s most prestigious research universities. There is always a lot of activity at BU.

33,000
UNDERGRADUATE & GRAD
STUDENTS FROM 150 COUNTRIES

17
SCHOOLS AND
COLLEGES

250
FIELDS OF STUDY

RESEARCH AT BU
Creating breakthroughs in topics from

African Studies to Zebrafish genetics

3154
Grants managed
by PAFO in FY18

1100
Principal
Investigators

$383M
in Sponsored Research
expenditures

BU RECEIVES RESEARCH FUNDING FROM FEDERAL AND NON FEDERAL ORGANIZATIONS, TO NAME A FEW:
National Institute of Health • National Science Foundation • Department of Defense • Department of Energy • Robert Wood Johnson • American Heart Association • Abbott Fund

THE ROLE OF PAFO
Provides seamless oversight after award setup through award closeout ensuring compliance and consistency with overall fiscal management, assisting faculty and administrators with:

- financial and compliance oversight of sponsored program accounts
- financial reporting and billing
- effort reporting
- student center rate negotiation
- F&A and fringe benefit rate proposals
- moveable capital equipment

Research
Sponsored Research 101

The Award lifecycle covers both Pre- and Post-Award activities. Pre-Award (Sponsored Programs) transitions to Post-Award (PAFO) at “Award Setup”

You’ll often hear “it depends” when asking questions about Sponsored Research. That is because there are three key factors to consider when trying to understand your Award:

- Activity Type
- Sponsor
- Mechanism

*Regardless of Award type or Sponsor, the 4 cost principles (video) always apply when charging expenses
Where PAFO fits in the structure

PAFO officially reports to the CFO, but has a stake in both Financial Affairs and Research, and liaises with colleagues from both areas.

PAFO works closely and shares space with Sponsored Programs.
PAFO comprises these teams

- **Research Accounting** supports overall management of post-award financial needs.
- **Compliance** ensures compliance of federal and non-federal sponsored research policies and procedures.
- **Cash Management & Property** are responsible for all non-student University external billing, and maintains a record of all BU owned equipment.
- **Service Center Administration** oversees the financial aspects of research service centers at BU.
- **Facilities Cost Analysis** develop a record of Fringe and F&A rate proposals.
DA Responsibilities

Administrators within the department whether they are called Department, Research, or Financial Administrators play a pivotal role with managing Sponsored Research Awards from a post award perspective. Included is a snap shot of what the expectation is of the individuals within these roles. While it is in no way complete, it will give the departments a flavor of what is expected.
DA responsibilities for sponsored activities

**Things to review**

- Review budget in SAP. Ensure master data, or account set up data, matches the award agreement and is what you expected.
- Review Sponsored Research account(s) (and any non-research accounts you are responsible for) on a monthly basis to ensure that all payroll and supply type orders posted as directed (After-the-fact review).
- Reconcile Awards in good time, ideally prior to receiving the Award Ending Notice (AEN).

**Things to do relating to PIs and Faculty**

- Meet regularly with the PI, and review payroll and other expenses.
- Assist with distribution, gathering, and submission of Personnel Activity Reports (PARs) semiannually.
- In the event a Principal Investigator (PI) leaves Boston University notify both Sponsored Programs and Post Award Financial Operations that the PI is leaving.

**Subawards**

- Review subaward invoices against the subaward approved budget; PI to ensure that expenses are consistent with work performed to date.
- Obtain Progress Reports from subawardees as required by the agreement.

**Check Sponsor requirements**

- Most sponsor requirements can be found on their websites, or the Notice of Award. Refer to NSF info here.
- Ensure that reports are completed per Sponsor requirements: monthly, quarterly, semiannually, annually.
- All Sponsored Research invoices are submitted centrally by the Cash Management team within PAFO.
- All Sponsored Research financial reports should be worked on together by both the PAFO Research Administrator and the Department Administrator. Where required, PAFO will submit final financial reports as needed; final invoices are considered financial reports in some cases.
- Principal Investigators are responsible for the completion and submission of all Scientific and/or Technical Progress reports to the Sponsor.
DA responsibilities for sponsored activities

### Things to do when charging expenses

- Charge expenses to the account in a timely manner
  - Coordinating salary expense with appropriate payroll coordinator(s)
  - Coordinating supply orders with appropriate staff in charge of making orders
- Ensure all expenses charged to an award meet the period of performance test
  - Payroll expenses fall within the period of award and are not prior to the start date or after the end date of the project or budget period depending on Notice of Award
  - Services provided fall within the period of the award and are not prior to the start date or after the end date of the project or budget period depending on Notice of Award
  - Goods are delivered and in good working order within the period of the award and are not prior to the start date or after the end date of the project or budget period depending on Notice of Award
- Process adjustments for non-payroll expenses when errors occur using the proper document type
  - \( ZK \) = Cost Transfer (moving expenses from one project to another project)
  - \( ZV \) = Cost Transfers greater than 90 days old
  - \( ZJ \) = Re-allocation of cost (moving expenses from one Internal Order to another Internal Order within the same Grant number)
- Work with Internal Service Providers and Sourcing to close open commitments as soon as orders are received if applicable; this should be done quarterly at a minimum but ideally monthly

### Capital Equipment

- Work with Property Management when the award includes fabricated assets, when an asset is being tagged for the first time, or when an asset is being disposed

Navigating the Research Support website

Project Lifecycle: The PAFO related stages are Manage an Award and Close Out an Award

Forms & Policies: Find worksheets, policies, and procedures regarding effort, subawards, F&A, cost share, capital equipment, service center rates, etc.

Training & How To: Find FAQs, financial report “how tos,” and informational videos on related topics

Tools & Services: Find out about Service Centers, F&A cost and analysis, Property Management (i.e. Capital Equipment), and more

News & Calendar: Upcoming events and training opportunities

Contact: Find useful contacts including the Department and Research Administrator Directory

Search: Use the search bar or magnifying glass in the top-right corner to find relevant information or forms

Recommendations: These tabs at the bottom include quick links to popular content by role

http://www.bu.edu/researchsupport/
The majority of PAFO-related content can be found on this page, including information on subawards, effort reporting, and billing. A selection of links to relevant PAFO forms and policies. Links to training resources.

Training Resources

Systems training
- **BUworks** offers instructional classes and GM resources for any system-related (SAP, BW) needs. Best practice is to take a course in your first month and another after 6 months.

Self-service resources
- An ever expanding series of informational videos provide insight and guidance for award finance related topics (from calculating cost share for over the cap salary, to interpreting NIH Award numbers)
- **Infographics** provide a condensed overview of a topic (PAR, Carryover and No Cost Extensions)
- Additional resource pages provide deep dives into topics, such as effort reporting and carryover and no cost extension

Get your questions answered
- Common questions are answered in the Award Finance FAQs
- Events such as the Coffee with Colleagues series provides an opportunity to connect with the community and provide information on topics of interest

Check back often as additional resources are always being added to the website.
Research Contacts

- Reach out to contacts within your Department as a first port of call
- You can find a [Directory](#) of Research staff on the Support website. Below are additional contacts that might be useful.
