

Summer 2009 Earnings Chart

The Earnings Chart is a tool to assist supervisors in planning summer work schedules for students. This chart will help supervisors to determine, based on the student's pay rate, how many hours per week each student may work throughout the summer program given the student's Work-Study award amount. Figures on this chart represent combined earnings for the Summer 1 and Summer 2 sessions.

It is the joint responsibility of the supervisor and the student to ensure that the student does **not exceed** his or her Work-Study award amount.

Please note that this earnings chart is based on 15 weeks of work (May 18, 2009 through August 30, 2009, the entire Summer Program).
